DIZZINESS IS ANNOYING

As Many Norway People Know Too Well

When the kidneys are weak or disordered, they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Norway resident's statement:

Mrs. Orville Palmer, Lower Main St., says: "Just recently I was suffering from disordered kidneys. My back was very painful and it made me restless at night. I was also dizzy. Everything seemed to turn around in the room. My kidneys didn't act regularly. My mother had used Doan's Kidney Pills with benefit, so I decided to go to Clark's Drug Store and get a supply. After using two boxes I was all right. I gladly recommend Doan's Kidney Pills, knowing them to be a good reliable kidney and backache remedy."

WEST STONEHAM

William Adams is still sick with erysipelas in his head.

Fred Warren, who moved his family into a camp near the mountains a few weeks ago and is hauling birch to W. H. Brown's mill, had the misfortune to have one of his horses break one of its legs one day last week.

Roy Stearns of Norway was in town on business last week, also made his aunt, Mrs. N. H. Sawyer, a short visit.

Mrs. I. A. Andrews has a number of gray squirrels that she is feeding on nuts and acorns and they are very tame and playful, getting up and looking in the window to ask for rations and Mr. Andrews has a pair of young coons that he caught in a box trap. They were on the back piazza and seemed to be hunting for something to eat in the evening, so he set a box trap and caught them and has fixed a nice warm nest for them so they can climb into it on a cleared board in the top of his corn crib. They are very cute, about as large as a small cat, but are a little cross and object to being handled.

Christmas Surprise

The following letter was written by Albert J. Stearns to Stuart W. Goodwin in appreciation of a Christmas gift presented him in behalf of the community:

"I wish to express to you and through you to your committee and to the citizens of Norway and South Paris my very great appreciation of the beautiful Christmas gift which came to me on Christmas eve from such an unexpected source, so unexpected that I can scarcely believe it to be true.

"I have never hoped to possess a time-piece with chain and pendant of such rare beauty and quality, certainly not as a present from the citizens of this community in recognition of any efforts of mine in their behalf.

"Mindful as I am that our labors for the restoration of the Electric Road were unsuccessful, it is, if possible, even more gratifying to me that they should consider my humble efforts worthy of such recognition, and I shall ever cherish this gift as a thoughtful and generous expression of their good will and esteem which I prize above any gift however costly.

"Will you kindly transmit to the committee and citizens interested my grateful thanks and appreciation."

Attempt to Break Jail

Sheriff Cole nipped in the bud an attempt by two youthful prisoners to cut their way to freedom through the 10 inch wall of the jail corridor, Thursday night.

Roy Yeagles, 17, of Bethel, and Maurice Bailey, 18, of Portland, were so intent on their efforts to make a sizeable hole in the wall that they took heed neither of the noise they were making nor of the approach of Sheriff Cole.

The prisoners had the freedom of the jail corridor just before they are locked up for the night. Yeagles and Bailey who are awaiting trial for four breaks at Bethel, apparently had decided to await trial no longer. They were making good progress when discovered.

Paying the Fiddler

The country is recovering from the effects of its orgy of spending. Extravagance, profiteering and unbridled speculation have brought a burden to all. A cry for economy is heard all over the land.

Such conditions have occurred before and will occur again unless checked. In 1874 the Grange adopted its policy of thrift. It declared opposition to excessive salaries, high interest rates and exorbitant profits. It proclaimed the need for the most direct and friendly relations between producers and consumers, that wasteful trade practices might be eliminated.

This program represents the farmer's attitude now—as it did then. The Grange always has adhered to it. It has sought steadfastly to check needless extravagance, both private and public, both individual and governmental.

Our farmers, by reason of sane habits of living, are a great steadying force in the nation. But they need leadership and a common spokesman to widen their influence. The Grange offers you both!

THE COUNTRY GENTLEMAN is in full accord with these principles. It, too, is fighting the farmer's fight. By practical examples it shows how farmers can correct abuses. And it will make you acquainted with up-to-date and profitable farming methods that are being followed all over the country. This, however, is only a part of the help and pleasure you will get in a year's 52 big issues, which now cost only \$1.00. Find out for yourself! Let our secretary care for your order—today!

She was educated in the public schools in Norway. Sept. 23, 1884, she married Charles O. Scribner of Casco. They resided in Norway about six years before moving to Casco, where they have since lived.

WAS A SURPRISE

TO MRS. WESTMAN

After Suffering 32 Years, Maine Woman's Health Is Completely Restored By Tanlac

"Thirty-two years ago I suffered nervous prostration and was never able to get over the effects of it until I took Tanlac a few months ago. I never thought a woman sixty-two years old who had been sick so long could be as well as I am today, but Tanlac has completely restored my health and I just can't praise it too highly for these wonderful results."

This remarkable statement was made by Mrs. Lizzie L. Westman, Maple Avenue, Scarborough, Maine, who has lived in Scarborough for twenty years.

"I don't know what I should have done if I hadn't got Tanlac when I did, for my nerves were in such a condition that just any little disturbance completely upset me, and at night I couldn't sleep and often got so nervous I just couldn't keep from crying."

"My stomach was out of order, I could eat hardly anything and what I did eat caused me terrible distress and suffering. I was troubled with constipation for years, and sometimes I had terrible weak, fainting spells that would cause me to fall down."

"The first few doses of Tanlac seemed to help me, and when I had taken two bottles I was feeling wonderfully improved. In all I have taken four bottles and I am completely relieved of nervousness. My stomach trouble is also gone, I never have the fainting spells any more, and am in much better health than I have been for thirty-two years. I am so strong that I do my housework easily and feel well all the time. I am so thankful for what Tanlac has done for me that I just talk about it all the time."

Tanlac is sold in Norway by A. I. Clark Drug Co.; in West Paris by S. T. White; O. H. Haskell, Sweden, R. P. D. Harrison; Messrs. Hutchins & Webb, No. Fryeburg; Kidder Bros., Peru; Mrs. Edith Hunt, Denmark; W. S. Perkins, Norway; Waterford, and E. A. & C. E. Butterfield, East Dixfield.

Norway Clerks' Association Annual Meeting

A small representation of the clerks met in the Municipal Court Room Friday evening to elect officers for the ensuing year and arrange for the annual ball. Pres. Mafor Mann presided, Philip W. Braden, sec. pro tem.

The treasurer's report showed the annual event last February cost \$362.45, nearly two-thirds going for music. The receipts from tickets and check room was \$283.55, leaving a deficit of \$78.90. This amount was withdrawn from the Norway Savings bank to balance the account, leaving on deposit \$40.23.

There was some talk of postponing the ball until next year while another small argument was to change the date to sometime in the late summer or early fall. A vote was carried to hold the ball on Tuesday evening, Feb. 22, with economy the watch word. It was unanimous that John H. Haselton be invited to act as prompter. Officers and committees were elected as follows:

Pres.—W. Mafor Mann.

Vice Pres.—Ralph Andrews.

Sec. Treas.—Oliver J. Foss.

Executive Committee—Whitman, H. Douglass Farrar, Marjell McKee.

Mary Alma Gilbert celebrated the third anniversary of her birth, Tuesday with a party of nine little folks. She received quite a number of presents, but the most pleasing to her eye was a fine birthday cake with her name and age done in colored frosting by Mrs. Louise Curtis. Candy, popcorn and fancy cakes and cocoa was served to the little people.

A party of ladies gathered at the home of Mrs. F. H. Grover, Thursday of last week to witness the raising of smoke stack at the Littlefield-Garcelon mill across the street. Some of them thought it quite thrilling when A. E. Nelson was drawn up by ropes some fifty feet in the air.

Arrangements for the new good supper which arrangement of the millery, the new good great pole by which the stack was to be raised.

Hiawatha Lodge H. of P. will hold a public installation of officers Saturday night, Jan. 15, at their hall. After the installation, they will entertain their friends with a large dinner and a fine musical program, everyone is looking forward to a pleasant evening, especially as Hiawatha Lodge has the reputation of always giving their friends a good time.

Fred McKee and Carlton Barker went to Norway, Jan. 8, to take the examination for mail carrier for the R. F. D. First route here. Lottie Adams substituted on the R. F. D. while her brother-in-law, Fred McKee, was away.

When some men make a palpable mistake, how quickly they invent a ridiculous excuse.

RHEUMATISM—RELIEF

From Its Dreadful Pains and Aches, Stiffness, Soreness—

Is properly to be sought in a good blood medicine, because authorities say rheumatism is a blood disease; acid has entered the blood, settling in the muscles and joints. That's what makes the sharp, sudden, shot-like pains, causing you to jump and cringe in agony.

Hood's Sarsaparilla comprises remedies that every physician prescribes for rheumatism, combined with other blood-purifying, tonic and strength-building ingredients in a formula vastly superior in make-up and in curative power. It does give positive relief. Thousands say so. So will you. For a fine laxative take Hood's Pills.

Mrs. Fannie Merrill After two months of lingering illness from a shock, Mrs. Merrill passed away at her home in Manchester, N. H., Jan. 7. Funeral was held on Sunday and the remains were brought to her sister's, Mrs. R. D. Gould's, at Norway, Monday, and services were held at that house Tuesday afternoon and interment made in family lot on the Bolster's Mills road in Harrison.

The deceased was a daughter of Wm. S. and Hannah S. Ward, and was born in Harrison October 11, 1860. She married Ernest Merrill of Norway March 20, 1879. She is survived by a husband, son and daughter. The son is Wm. L. Merrill and the daughter, Mrs. Elizabeth A. Grant, both of Manchester.

They lived for a number of years on a farm at Dry Mills, Norway and moved to Manchester, N. H., 21 years ago last October where they have since made their home. Mr. Merrill was in the grain business in that city with his brother for a number of years and then engaged in the real estate business. He has always taken an active interest in civic matters, having served four years in the City Council, and is now serving his second term in the New Hampshire Legislature.

Y. M. C. A. Representative Spoke Here Edgar Vondra, representative of the Educational Department of United Y. M. C. A. school, was at the American Legion room, Monday evening, to interest the members in the dispersal of \$1100 due Oxford County for vocational work.

The amount is the last of our share from the \$4,000,000 the Y. M. C. A. received as their allotment in the big drive with other war workers nearly two years ago. Henry Stone Post can pick up the service men and select correspondence courses of study from more than 200 subjects to the amount of \$200. Other Posts in the county have the same privilege. Everything is free, but if more courses are desired they can be furnished at a very small price. Text books, appliances and everything necessary to complete the work is furnished by this Extension Division of Education.

The Legion officers took up the matter Tuesday, and selected candidates for the courses, the names to be acted upon at the Y headquarters.

Notes from the South Land

Mrs. Clara Elliott writes us from 410 Rosalind Ave., Orlando, Florida: "Left Norway, Tuesday, 9.30 a. m., and arrived in Orlando, Thursday, 2.15 p. m. This day is summer. There has been no frost this year so the poinsettias are blooming in all their perfection. Last year they were frosted and the year before frozen. They are very grand sight. Roses are in their best and so are the hibiscus and the oranges and grapes are gathered from some groves and other groves are loaded and look fine, being left to ripen on the trees. Mr. and Mrs. Clay are here for their fourth winter. Many people have met for the last two winters. This is a glorious day, too warm to go out in the sun and just warm enough to rock in the shade."

Central Maine Power Co. is setting the last string of poles to carry the transmission wires from the station here to West Paris village. The line enters South Paris along Hill street, over back lots across the Grand Trunk and along the Little Androscoggin across Morris Klain's interval, formerly the shooting range. The Norway section crosses Mrs. Ella Jewett Cole's pasture to the east side of a copper core will be used. Very little frost is found in the ground.

It is confidently expected Mechanic Falls will be connected with Deer Rips this week and the electric juice transmitted over the regular high tension line. Norway power station. Something like 1,100,000 watts can be used. Trans-Formers in use at the station will reduce the current to lower voltage carried on the various circuits.

William Ripley completed filling the Millett ice house early this week and started work at his ice house in South Paris. He will handle the business in both villages next summer.

Because of other entertainment, the date for the Henry Stone Post, American Legion dedication, flag raising and social has been changed to January 27. The committee have a strong program of events for that time and the public will be their guests.

Norway dancers were well represented at the dance in the South Paris Grange Hall, Saturday night. The lucky number waltz will be featured at the same place Orchestra playing the latest hits. Bus connections have been arranged.

Mrs. Fred DeCroteau of Livermore Falls is a recent visitor of Mr. and Mrs. Julius DeCroteau and Mr. and Mrs. Wm. E. DeCroteau and family. Mr. and Mrs. Fred DeCroteau are managers of Dreamland Theatre in that town.

Abe Klain is recovering from chronic Brights Disease and able to get about again. The trouble commenced with tonsillitis a number of weeks ago and developed complications which have laid him up since.

Members of the Loyal Order of Moose have contributed furniture and money to the Moose Hall over Stone's Pharmacy is developing into a comfortable home. Women of the Mooseheart Legion who have the free use of the hall contributed generously. The secretary reports 204 members in good standing. During the last quarter \$264 was paid in benefits and the lodge is financially strong. A plan is being seriously considered to build a hall early next summer.

James Everett and crew are saving many wood piles with his gasoline engine outfit. He finds more wood than usual at this season.

Albert Descoeur is to rebuild the Dutch oven which recently burned out at the Burknup mill in Mayville at Bethel. He went up Monday but as they are not ready he will return and start business within a few days.

The cement culvert near Oxford Plains being constructed on the state highway is completed but not open to travel. This is the last construction until the ground settles in the spring. It is reported a large crew will be set to work at the quarry and the crusher put into action within a short time for a big surplus before spring operations.

Mrs. Alice Crocker is confined to her home with the mumps. Mrs. Ephraim Dubey went to the C. M. G. Hospital at Lewiston, Monday, for surgery. Her husband accompanied her, to remain until the operation is performed.

WOMAN AVOIDS
AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to it is true."—Mrs. J. P. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

Have You Ever LEARNED the Big Lesson of Life?

To learn to save is really the first important lesson of life. The man who cannot and does not
save money cannot and will not do anything else worth while.

Thrift began with civilization. It began as soon
as man realized it was necessary to provide for to-
morrow as well as today. It began long before money
was invented.

By "thrift" is meant simply that way of living
which systematically transfers a portion of one's in-
come to one's capital. The man who lives within his
means and regularly and systematically lays aside part
of his earnings and puts his surplus where it will work
for him unceasingly and as faithfully as he worked
once for it, has acquired a habit of no small import
in the building of his character and the carving of his
future.

If you find it difficult to save, undertake some obli-
gation in the way of investment that will compel you
to save.

Make saving a habit. We are creatures of habit.
We succeed or we fail as we acquire good or bad
ones; and we acquire good habits as easily as bad
ones. Most people don't believe this. Only those who
find out succeed in life. Why not acquire the habit
of Thrift?

Thrift is a simple thing yet it means so much. It
is the foundation of success in business, of content-
ment in the home, of standing in society. The little
difference between what you earn and what you spend
is POWER. It often measures the distance between
success and failure.

(These sayings about thrift were taken from the
writing of Theodore Roosevelt, Andrew Carnegie, Sam-
uel Smiles, Shailer Mathews, W. H. Kniflen, Jr., Hen-
ry B. Huntington, Herbert Spencer, Russell Sage and
O. S. Marden.)

If you are going to save, you need a definite plan and a definite objective.

We furnish it with our savings plan of purchasing Central Maine Power Company 7% Pre-
ferred Stock. This security gives you a high degree of safety and a 6½ % yield.

Fred Mosher

Fred Mosher, a life long resident of
this place, passed away, Dec. 29, at the
home of John Adams, where he had been
buried a few weeks. He died on his
75th birthday. He had been in failing
health for some time, but his death at
last came sudden, due to a shock.

He was always a kind and obliging
neighbor and always and ever ready to
lend a helping hand near or far. In sick-
ness or death he was there to offer his
service and do all he could. He was never
married so had lived a hard lonely life
for several years. For a few years his
mind and health were such he didn't
seem to have ambition to keep up, so
our pastor, Rev. C. N. Eliopoulos used
to look after him, and cooked many a
meal and taken to him when no one else
did, for a great many forgot the kind
deeds he did when he was able.

The funeral was held at the vestry,
Rev. C. N. Eliopoulos officiated and spoke
very kindly of him and reminded his lis-
teners of his many good deeds.

Mrs. Henrietta Horr

Mrs. Henrietta Horr died, Jan. 2, in
her 80th year, at her late home where
she had lived since her marriage to the
late John D. Horr, who passed away sev-
eral years ago. She has been kindly cared
for by her daughter and family.

She was a long time member of Ever-
green Rebekah Lodge and was secretary
about 25 years. The lodge attended in a
body and held services at the home where
the funeral was held the 4th. She was a
long time member of the church here and
a regular attendant as long as health per-
mitted, kind and obliging neighbor who
will be greatly missed. Her niece, Mrs.
Nellie Taylor of Lovell, and Mrs. John
Adams assisted in caring for her in her
last sickness of only a few days. She
leaves a sister, Mrs. Mattie Heald, who
was unable to attend the funeral, besides
her daughter and two grandchildren.

The funeral services were conducted

laid at rest in Woodlawn Cemetery.

There is more Catarrh in this section of
the country than all other diseases put to-
gether and for years it was supposed to be in-
curable. Doctors, local remedies, and
by constantly failing to cure with local
treatment, pronounced it incurable. Catarrh
is a local disease, greatly influenced by con-
stitutional conditions and therefore requires
constitutional treatment. Hall's Catarrh Medi-
cine, manufactured by F. J. Cheney & Co.,
Toledo, Ohio, is a constitutional remedy, it
taken internally and acts thru the blood on
the mucous surfaces of the system. One Hun-
dred Dollars reward is offered for any case
that Hall's Catarrh Medicine cures. No cure.

Another clipped opinion: "Econo-
my," we heard a man say, "is the way
of spending money without getting any
fun out of it."

Many people who are proud of their
ancestors wouldn't make much of a hit
with their ancestors should the ancestors
come back to earth to gaze on their old
stamping grounds.
